**A new world a new life..**

**Renuka Kannangara from Gampola.**  
A proud grower of over 600 plants of Vanilla she lost over 50 to the flood and produce of the plantation. It would take around a year of care to be brought back to normal. Her acclaimed vanilla products destroyed with her two outlets. As a complimentary product she had ventured into Pure Bees honey strained from the BEE CONE Her brand was Real Kandyan We were able to support her purchase BEES Honey from growers in Anuradhapura to restart her work while she endeavors to salvage her vanilla production

**Yashanthi Lalani Wijetunge from Gampola  
32 years married and has a handicapped son of  
7 years, with both sets of parents living with  
her.**

**Due to the financial strain on the family, she  
started crochet and other hand craft ornaments  
and children's garments. The flood ruined her  
materials. Her income started at 1000 rupees  
had increased to 7 to 8 thousand. This time she  
had been able to sell only one item on order.  
With our assistance she purchased needed raw  
material and recommenced her production**

## A new world a new life..

DISNA SHYAMALI from Geliyoa, Married with 4 children was a successful trader making herself a popular sales person at monthly office sales. In readiness for the season she had sourced a large stock of items which was stored in her husband's Barber shop.

The flood waters had risen over 10 feet in that area and she lost her entire stock and her husband's equipment. We were able to help her rise up by repurchasing a stock of products on a cash basis and strive to rise again

“Women carrying children through chest-deep waters, families watching their homes dissolve into torrents, fields turning into rivers overnight...”

Floods does more than wash away possessions, it erases years of hard work of families who are forced to pick up and start anew .

These Disasters dispropotionately affect women who are less likely to recover than men .

Zonta Club 1 of Colombo moves onto recovery of women entrepreneurs affected by disastor .

Partner with us to rebuilding lives and empowering women to rise above adversity.

December 3, 2025

During the last week OVER 951,000 Women and 362,000 children have been affected by the recent floods in Sri Lanka .

Vulnerability heightened in the face of being uprooted from their homes and traditional support structures, disrupted access to services, and both structural and social obstacles to accessing food, relief, supplies, and sanitation facilities .

As Zontians we are mindful that displacements and return, increases the risks of sexual and physical violence, intimate partner violence, forced and/or coerced prostitution for women and girls .

Her safety is Our Responsibility

---

December 3, 2025

The Club continued its relief this morning with Dry Ration packs, bed Linen, medicines, children's items and sanitary items , handed over to the Air Force in Ratmalana. We thank Orchid Collection, and all those who made this possible ..🙏

May the days ahead bring safety, strength, and renewal to every family affected by the floods.

For a world without violence against women and girls, we need to believe in a reality - where preventing violence before it occurs is possible .

Thousands of people have lost their homes and livelihoods due to extreme weather these past few days, many of them women.

Through our relief efforts we are mindful that with each climate-related disaster, women fall farther behind men, because systemic gender inequality has led to women having fewer resources and choices than men.

We are also mindful that women under disaster conditions are more vulnerable to Violence and we continue to safeguard the well-being of women and children during the 16 days of Activism and beyond.

Dear members of the Zonta Club of Ottawa,

Some of you may have heard about the catastrophic Cyclone Ditwah that recently hit Sri Lanka, causing the worst flooding in recent history. The devastation is being recognized as the deadliest weather-related disaster since the 2004 Tsunami.

I have received a request for an appeal from the Zonta Club of Colombo II to assist them with a project focused on rebuilding the businesses of female entrepreneurs who were severely affected by the cyclone.

I've included the following attachments for you: the original WhatsApp message and the formal request in PDF format.

I would appreciate your input on how our club might be able to help. Your feedback will help the board decide whether to move forward with this project and, if so, how to best execute our assistance.

Since our next board meeting is not until January 14th, and the membership meeting is on January 28th, I suggest we use your responses to inform the discussion.

Best regards,  
Renuka Gamage

Please read the message below and the formal letter attached in PDF format.

**WhatsApp message from the Club President, Roseanne Wijenayaka**

Hi Renuka, hope you are doing well. Sorry haven't been in touch, but hope to see you next year at the convention in Vancouver:  
Thankyou for following our social media pages.

I am sending you a request for an appeal , we are doing a project to get all small business female entrepreneurs back to their business. All applicants are severely affected from the cyclone Ditwa and have lost their business.

Will it be possible for you to speak to your club or any contacts you know to get us some support to assist these ladies.

Each case is different, from 75k to 150k rupees fund request:

We evaluate and then take a decision considering many factors and the continuity of the business including dependents.

Please let us know if you can work on supporting us any amount is welcome.

We need to empower and rebuild there women's lives.

Thankyou in advance

Compliments of the season
